During the course of the academic year 2023-24 there will also be a series of day-time or evening trips, visits and excursions that will be chargeable extras. These will include theatre visits, dance concerts, music concerts, curriculum-related visits etc. These prices are approximate and often dependant on final numbers

Sometimes these trips are compulsory for students following particular courses, GCSE, AS & A Level Dance or Drama for example. On those occasions the extra costs are kept to a minimum. It is impossible to give more details of these at this stage because, of course, we cannot know what plays, shows, exhibitions etc will be available.
