

Dear Parents and Guardians,

My mission is to build upon the foundations of the existing careers programme and provide the students from Year 7 upwards with a wide range of opportunities throughout their time at Frensham Heights, to explore exciting career options which align with their interests, skills and personalities and of course the different pathways to get there.

Research shows that a collaborative approach between parents, students and tutors leads to positive destinations for young people, which is why we would love your support with a digital tool called Unifrog; a specialist pathways platform that helps young people make informed choices about their futures: whether careers or Higher Education and provides the tools to help turn aspirations into realities.

To help familiarise yourself with the platform please scan the QR Codes or follow the links below. Where prompted, our universal code is **parentsfrensham** this code will expire after 90 days.

For Sixth Form parents – access to Unifrog also provides information on next steps and where to go.

For Year 11 parents – looking ahead to Higher Education can help provide a focus for which A-levels to choose.

For Year 10 parents Unifrog is an excellent resource for providing inspiration for the next important steps.

For Year 9 parents the platform maybe helpful as we move towards GCSE/ BTEC choices in the January.

For Years 7 and 8 parents Unifrog services as an excellent tool to spark interest and generate questions.

We look forward to partnering with you and will of course share more information about exciting careers news and events as we progress through the academic year. If you see me around the campus, say hi! I'd love to connect with you in person.

Many thanks and warm regards,

Grant Gallacher

Head of Careers, Frensham Heights.
